

# The Children's Center

September 2007

## Back to School

The Staff at The Children's Center would like to welcome our returning children as well as the children who are new to our program. There are a lot of exciting plans for this new school year!

Our Creative Arts Teacher and our Adaptive Physical Education Teacher will coordinate our Special Events.

Our MOVE program (Mobility Opportunities Via Education) will again sponsor the Breakfast with Santa in December.

Our program is the proud recipient of a Citibank Grant to purchase Musical instruments and music to enhance our Music & Movement Program.

A new parents group is forming to assist our school with developing new ideas for school activities and fundraising. A flyer will be sent out shortly where you can indicate your interest or availability.

***We are all looking forward to a wonderful new school year!***

## Housekeeping

- All children need prescriptions from their doctor's to begin therapy services.
- Each child is required to submit evidence of an annual physical exam & updated record of immunizations.
- School Closings will be announced on News 12 or online at [www.news12.com](http://www.news12.com)
